

Prominent Women Workers Tell El Paso Women of Food Conservation

MRS. MADGIR W. REHR, state agent of the United States department of agriculture, and president of the home economic section of the state federation of women's clubs, and Mrs. R. P. Robbins, inspector and director of cooperative sanitation, food and drug department of the state of Texas, addressed a large number of El Paso's club women at the El Paso Club yesterday afternoon at the T. W. C. A.

Program To Honor The American Dead

On next Wednesday the Women's club will give memorial service at the clubhouse at 2 o'clock in honor of the men who fell on the battlefields of Europe. Mr. Richard Burrows will address the assembly and Mrs. W. L. Brown will direct the musical program. The musical program includes:

Song, "Last We Parted," Thomas Christian.

Mrs. Burrows discussed educational and current topics, which elicited much interest from the audience. Mrs. Robbins spoke principally in the interests of sanitation, and in the charge of the food inspection to take place Tuesday and Wednesday, and told of how food work would be done, and of the necessity, in order to prevent disease, of observing all rules for sanitation.

Mrs. Helen Swift is to have charge of the home economic work here, and there will be a woman representing the different organizations and others of their committees to take part in the work. The committee on agriculture of the chamber of commerce will also be interested, and there will be a representative from the city and county.

Mrs. W. E. Tilton, newly elected president of the El Paso Club, introduced the speakers.

The daughters of El Paso held a business meeting in the El Paso Club yesterday afternoon, 18 members being present. Mrs. J. J. Romain, chairman of the auditing committee, reported that the books of this division had been audited at her home, 1817 Wyoming. After the auditing, a luncheon was served, with Mrs. W. D. Howe directing.

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong! Now's the time.

An old, reliable blood-maker and herbal tonic made from wild roots and bark, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body, cure your cold, and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alternative and tonic is wild cherry bark with stillingia, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root—all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making, and are best for scurvy. By improving the blood they aid in throwing off an attack of influenza and act as oil on machinery.

Catarrh should be treated, first as a blood disease, with this alternative; then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy which can be had at drug stores.

San Marcial, N. Mex.—"I suffered for two years with frequent headache and pain in my left side and the small of my back. I was despondent and so nervous the least little racket would upset me. I wrote to the Specialist at the Invalid Hotel, and was advised to use Dr. Pierce's Golden Medical Discovery and the Animo Tablets. I did so and immediately began to get better. My symptoms disappeared and in two months' time my health was regained. I took six bottles of each medicine and a few of the 'Pleasant Pellets' for regulating my bowels. I am now in perfect health and enjoying life."

"I cannot say too much in praise of these medicines and the kind and courteous attention given me."—Miss Mamie Copeland

"It Just Works Like Magic On The Skin."

A Difference in a Few Days, and a Transformation in a Few Weeks. Produced on the Skin. Some Beauty Secrets of Great Value to Every Woman.

By Valerka Serratt.

NEVER forget that the possibilities of a luxuriantly beautiful complexion are present in your face the same as in that of the most beautiful woman that ever lived. It is really immaterial how muddy, or blemished the skin may be. I have seen remarkable transformations brought about in only a few weeks' time by a method extraordinarily simple. First of all, abandon the use of any complexion cream. You must begin by washing and make for yourself today in a few minutes, a cream by mixing two tablespoons of glycerine and one ounce of alcohol in a pint of water. Use this freshly every day. In a few days you will note that the spots, blemishes and mud have disappeared. You can get the alcohol at any drug store for about fifty cents.

FALLING—Your hair will continue to fall out by the handful unless you act at once and use something really worth while on your hair. Here is the one remedy that will stop the hair from falling out. It is really the work of a hair-fall-out cure. One ounce of hair-oil is mixed with a half pint of water and a half pint of bay rum. This is not an oily preparation, but it is pleasant to use and should be used in a half pint of water. This will result in a very fine, rich and satiny stream. When faithfully used, the skin will become of a finer texture. It will become more plump and vigorous, and as a result the hair will fall out and deep wrinkles will gradually vanish.

PATIENCE—Yes, it is very astonishing what you can do in removing wrinkles in the short space of a week or so. I would advise you to try this following, which has demonstrated its great worth in hundreds of cases where I have recommended it to friends. Get two ounces of epsom salt, your favorite for about fifty cents. Mix the salt with one tablespoon of glycerine in a half pint of water. This will result in a very fine, rich and satiny stream. When faithfully used, the skin will become of a finer texture. It will become more plump and vigorous, and as a result the hair will fall out and deep wrinkles will gradually vanish.

MRS. S. O. R.—Here is a face powder without any talcum powder. It happens to be my own, and I want you to try it. It is especially fine. Valerka Serratt. Face Powder, now sold at drug stores at fifty cents a box to any lot.

SCALP—Growth of hair is impeded by the formation of scale and other accumulations on the scalp which prevent the hair from growing. The only way to remove them is by using a hair-oil. You can do this easily by simply using a teaspoonful of castor oil in a half cup of water. This makes a hair-oil which is very beneficial. A package of castor oil for twenty-five cents contains enough for many weeks.

CORNEALS—It should be a lesson not to use any of the various patent and powder eye remedies sold for superfluous hair, at least not those advertised.

Closing Exercises of Ysleta Public School Attended With Fine Program

THE closing exercises of the school year were held by the Ysleta public school on Friday evening on the school lawn. The school pupils and their teachers were seated upon the school steps and the guests occupied chairs on the lawn, which was lighted with strings of electric lights.

The exercises were opened with the singing of "America" by the pupils. Judge Louis Fox introduced Maj. Richard Burges in an appropriate speech and Maj. Burges talked very entertainingly of his experience overseas with the men of this section, who fought in the recent war. In his speech Maj. Burges told of the bravery of the El Paso county men in their line of duty and of how when the men who had never feared danger of any sort went "over the top," without a quiver of fear and as they stood the discomforts and hardships of warfare without a complaint.

Mrs. A. L. Peterson, trustee of the school, thanked him in behalf of the school and citizens of Ysleta for his courtesy in appearing. Mrs. Peterson also paid tribute to the teachers in the school for their excellent work and cooperation during the year and thanked Miss Helen O'Shea on behalf of the trustees for her cooperation in the school.

After Maj. Burges' address, the school children under the direction of Miss Mary Lee Smithman sang "The Star Spangled Banner" by the pupils and audience. There were present a number of Ysleta people, also El Paso folk, who motored down, and officers and men of F troop of the seventh cavalry, stationed at border patrol.

When the Baby Needs a Laxative---

No one knows better than the ever-watchful mother—the natural doctor of the family in all the small ills—that when the baby is out of sorts it is usually due to indigestion or constipation.

It is always well, in any of its illnesses, to look for this cause. The diet may have to be changed, but before good can result from it, the bowels must be moved.

The mother has the choice of many medicines—cathartics, purgatives, bitter-waters, pills, physics, etc. But the little body doesn't need such harsh remedies for they wrench the system and do only temporary good, so often followed by an unpleasant reaction.
